Rotation belt module

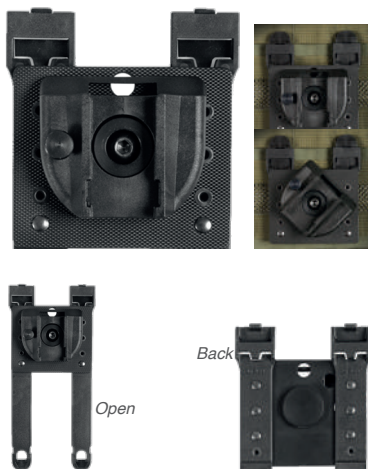

BEST SELLER

The Rotation belt module is created specifically for military and law enforcement, with a push button for rotation; this allows the holster to rotate 90°. The release button can still be operated in all positions due to the low point of rotation. Fixed or 90° for the best comfort. Available for Ghost 3 and also for Ghost 5.2

Mollè vest module

The Mollè vest module with his straps and the rotative platform, gives you the best choice for using your holster on your tactical vest. Comfortable use for right and left hand attachment use. Available for Ghost 3 and also for Ghost 5.2

Car & desk module

Enables very firm and safe attaching of the holster and weapon under a desk, car etc... The risers give unhindered access to the release button of the holster. Available for Ghost 3 and also for Ghost 5.2

Tactical high module

NEW!

The Tactical leg module is made of flexible technopolymer to ensure more comfort and durability in tactical operations.

Made with anti-slip rubber laces and triple retention buckle.

The module is enables use of the holster during special duty.

Available for Ghost 3 and Ghost 5.2

Tactical leg module

Made with anti-slip rubber laces and triple retention buckle.

The module is enables use of the holster during special duty.

Available for Ghost 3 and Ghost 5.2

SIG SAUER

MADE IN AUSTRIA
GLOCK GERMANY
U.S. PAT. 5,800,472

High ride

The High ride module enables use of the holster for concealed carry. The module places the holster high on the belt and close to the body.

Available for Ghost 3 and Ghost 5.2

Medium ride

Specially designed module for users who require a lower carry module than the traditional high-ride position.

In this way the gun is easier to reach and faster to draw than the high ride module. Available for Ghost 3 and Ghost 5.2

Paddle

With this module, the holster's position is closer to the body without the use of a special belt. Enables use of the holster for concealed carry. Available only for Ghost 3.

Single mag. pouch (MG)

*Duty magazine pouch in ABS with internal retention springs and overlays for the protection of the magazine.
Available for 4 and 5,4 cm belts.
For double stack only.*

Available in: ● ● ○

Double mag. pouch

*Double pouch in ABS. These pouches have all the benefits of the single mag pouch but reduce the used space on your belt while adding an extra magazines.
The Double mag. pouch is also available for 4 and 5,5cm belts.*

Available in: ● ● ○

Single mag. pouch (MGR)

Magazine pouch in ABS for double stack with retention and rotation clip. Combined with the rotating ability the clasp gives the user not only freedom in number and place but also in the angle the magazine sits on the belt-angled pouches guaranteeing a more natural position of the magazine for a faster mag. change.

Available in: ● ● ○
